

The Alaska Men's Run Corporate Grant Guidelines

Thank you for applying for a grant from the Alaska Men's Run. The primary mission of our organization's fund raising efforts is to raise awareness and decrease the implications of testicular and prostate cancer. Our intent is to keep the funds in Alaska by community awareness through: outreach, education, research, early detection and the treatment choices available. The focus in your grant request must directly support this mission and intent. \$5,000 is the maximum grant request amount.

All proposals will be reviewed by our board for validity and appropriateness. Please make every effort to have your submission specifically follow our guidelines, be as brief as possible while providing all requested documentation needed to confirm your application.

A complete grant application should include:

- 1. Cover sheet
- 2. Application with:
 - Abstract approximately 100 words providing synopsis of proposed project to include: statement of proposed objective(s) and estimated timetable; budget and justification; a clear description of the principal director or principal program director responsible for the project.
 - Proposal
- 3. Attachments:
 - Resume and/or qualifications/job description of main project investigator(s)/members(s):
 - We want to know who they are and what they have done.
 - Any relevant supplementary materials, i.e., brochures, samples of similar work completed.

The Board is keenly interested in being able to document good stewardship of our monies. Peer review will cover not only the validity of the central proposal. It is the responsibility of the grant recipient to demonstrate their methods for documentation and communication of the results to the public and to the board. An oral presentation of your proposal to the Executive Board will be required. To secure an appointment, please email <u>prostateak@gmail.com</u>.

Collaboration with other agencies already working in the field is strongly encouraged; any pertinent collaboration should be well documented and described in your application. We strongly support collaborative efforts that demonstrate good stewardship and maximum benefit or our monies.

Please email a copy of your proposal to: prostateak@gmail.com.

Thank you for you submission to our program. We are pleased to be able to offer this opportunity to our fellow Alaskans.
